REPORT OF THE AUDITORS

The Lieutenant-Governor in Council, Province of British Columbia:

We have examined the balance-sheet of British Columbia Hydro and Power Authority (carrying on business as such under the *Power Measures Act, 1964*) as at March 31, 1964, and the related statement of net income for the year ended on that date. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, the accompanying balance-sheet and related statement of net income present fairly the financial position of the Authority as at March 31, 1964, and the results of its operations for the year ended on that date, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding period.

BRITISH COLUMBIA HYDRO AND POWER AUTHORITY—Continued

NOTES TO FINANCIAL STATEMENTS AS AT MARCH 31, 1964

NOTE 1—LEGISLATION.—In the Court action brought by British Columbia Power Corporation, Limited, former owner of all the common shares of British Columbia Electric Company Limited (the Company), the trial Judge found, on July 29, 1963, that the *British Columbia Hydro and Power Authority Act*, under which the Authority was constituted in 1962, and other Provincial Statutes whereby all the shares of the Company were vested in the Crown effective August 1, 1961, were *ultra vires*. The trial Judge also made a valuation of the common shares of the Company as at August 1, 1961. After negotiation of the adjustment required to bring this valuation up to date, an aggregate amount of \$197,114,358 for the acquisition of the Company's shares by the Crown was determined by the trial Judge, settled by agreement on September 27, 1963, and authorized by the *British Columbia Electric Company Limited Acquisition Act* in March, 1964. The Legislature also enacted the *Power Measures Act, 1964*, which, *inter alia*,

- validated and confirmed the carrying-on of business by the Company and British Columbia Power Commission under the name of British Columbia Hydro and Power Authority;
- ratified and confirmed the agreement dated September 27, 1963;
- confirmed the redemption on June 18, 1962, of the convertible sinking fund debentures, 6 per cent, Series B, of the Company; and
- confirmed the cancellation of the various issues of preferred shares of the Company as at August 1, 1961, and the substitution thereof of bonds of the Company bearing the same interest rates as the respective issues of preferred shares, with provision being made for those shareholders who had originally received perpetual bonds under the *Power Development Act, 1961*, to exchange them at any time for bonds having a term of 25 years from August 1, 1961.

NOTE 2—INCENTIVE AGREEMENTS.—Under an agreement dated December 30, 1963, the funds held by a Trustee under incentive agreements entered into by the Company with certain of its former employees are to be paid by instalments without interest to such former employees by the Trustee, and the Company and the Authority have been released from liability for the amounts payable under these incentive agreements. The balance of the trust fund, including interest, remaining after all payments under the agreements have been made will revert to the Authority in due course.

NOTE 3—INTERNATIONAL POWER AND ENGINEERING CONSULTANTS LIMITED.—In October, 1963, the Authority purchased the balance of the outstanding shares of International Power and Engineering Consultants Limited, and accordingly the accounts of this wholly owned subsidiary have been consolidated in the financial statements of the Authority as at March 31, 1964.

NOTE 6.—**NOTES PAYABLE.**—Notes payable, all of which mature on or before October 1, 1964, have not been included in current and accrued liabilities as it is intended to repay these notes from the proceeds of short- or long-term financing rather than from current assets.

NOTE 7.—**TAXES ON INCOME.**—The liability for taxes on income amounting to \$3,737,587 represents the estimated taxes payable in respect of British Columbia Electric Company Limited and its wholly owned subsidiary, British Columbia Electric Railway Company Limited. The tax returns to August 1, 1961, have been assessed, but appeals have been filed against the assessments for 1961 and several prior years. Accordingly, the provision for taxes payable on income, while deemed adequate, is subject to change, but no adjustment will be made until all final assessments have been received and agreed.

The accounts of the Land Settlement Board for the year ended December 31, 1963, have been examined under my direction. Assets are shown at book value, as the realizable value of unsold land and balances due to the Board cannot at the present time be determined. Arrears of mortgages, agreements for sale, overdue interest, and accounts receivable amount to \$218,071.52. The amount due from the Sumas Drainage, Dyking, and Development District is subject to the provisions of the *Dyking Assessments Adjustment Act, 1947*, and the *Dyking Assessments Adjustments Act, 1962*. Except to the extent that they are modified by the provisions of the *Land Settlement and Development Act*, the above balance-sheet and relative revenue and expenditure statement are, in my opinion, properly drawn up so as to exhibit a true and fair statement of the financial position of the Board as at December 31, 1963, and the result of the operations for the year ended that date, according to the best of my information and the explanations given to me and as shown by the books of the Board.

REPORT BY BUTTAR & CHIENE, CHARTERED ACCOUNTANTS, VANCOUVER, B.C., UPON THE ACCOUNTS OF THE PACIFIC GREAT EASTERN RAILWAY COMPANY, AS AT DECEMBER 31, 1963.

We have examined the balance-sheet of the Pacific Great Eastern Railway Company as at December 31, 1963, and the statement of consolidated income for the year ended on that date and have received all the information and explanations required by us.

The statements for the current year are prepared in conformity with the Uniform Classification of Accounts prescribed by the Board of Transport Commissioners for Canada.

Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, and according to the best of our information, the explanations given to us and as shown by the books of the Company, the accompanying balance-sheet and statement of consolidated income present fairly the financial position of the Company as at December 31, 1963, and the results of its operations for the year ended on that date, in accordance with generally accepted accounting principles applied on a basis consistent with that of the previous year.
